

Dell Warranty Registration

Dell makes it easy to transfer the warranty and ownership of Dell products from one owner to another owner and from one country to another. The transfer process can take up to 10 business days (domestic transfer) and up to 15 business days (international transfer).

Just go to <http://support.dell.com/> and select "Ownership Transfer" from the "Warranty Information" section.

You will be asked to enter the Service Tag number (located on the top of the Dell computer) of the computer that you would like to register.

When prompted for the "Previous Owner Information", enter "Esko Graphics" for the Company Name, "licensingnav@esko.com" for the e-mail, and "45342" for the Zip Code.

Once the "New Owner Information" has been entered and submitted, the transfer process can take up to 10 business days (domestic transfer) and up to 15 business days (international transfer).
