

KB178338847: Hotfix 1407026 for Automation Engine 14.1.1

Summary

Import JDF Step & Repeat: The task may fail with an unexpected message: "**ERROR-SHEET MUST BE POSITIONED WITHIN THE PLATE**".

Symptoms

The **Import JDF Step & Repeat** task may fail with an unexpected "**ERROR-SHEET MUST BE POSITIONED WITHIN THE PLATE**" message when sheet and plate size are specified in the ticket and the sheet size is larger than the plate size in the JDF file.

What is a Hotfix?

A Hotfix is a software package that you can install on an existing installation of our software. Each hotfix contains fixes for one or more known issues in our released software.

Because there is always a small chance for a hotfix to cause new issues, you should only install Recommended Hotfixes, unless otherwise instructed by your Esko Software Support team.
